OBU in Summary

Oklahoma Baptist University is a senior level coeducational institution with an enrollment of approximately 1,900 students. About 60 percent of OBU's students are from Oklahoma, while the other 40 percent come from approximately 40 other states and 26 countries.

OBU is located in Shawnee, a city of 31,500 residents, which is 35 miles east of Oklahoma City and 90 miles southwest of Tulsa, near the geographical center of the state. OBU's 200-acre campus is on the northwest edge of Shawnee just two miles south of Interstate 40.

OBU utilizes the semester calendar plan with a four-month fall term, a three-week January term, a four-month spring term, and two four-week summer terms. The University offers 10 baccalaureate degrees: the Bachelor of Arts, Bachelor of Science, Bachelor of Science in Education, Bachelor of Business Administration, Bachelor of Professional Accountancy, Bachelor of Humanities, Bachelor of Music, Bachelor of Musical Arts, Bachelor of Music Education and Bachelor of Fine Arts; four master's degrees: Master of Arts, Master of Business Administration, Master of Science in Marriage and Family Therapy, and Master of Science in Nursing; and one associate's degree: Associate of Arts in Christian Studies. OBU's curriculum features

strong general studies requirements and 84 areas of concentration and majors in departments of instruction. Areas of study lead to a large number of entry-level occupations in such career areas as business, communications, education, fine arts, recreation, religious vocations, scientific and technical areas, and social sciences and services.

History

The Baptists of Oklahoma Territory, realizing the great need for Christian emphasis in institutions of higher learning, decided in 1889 to build a college. This institution, Oklahoma Baptist College, was located at Blackwell, Oklahoma, and was maintained until 1913.

For several years, a Baptist academy also was operated at Hastings, Oklahoma, but in 1912 it was moved to Mangum and reestablished as Southwest Baptist College, a junior college. Like Oklahoma Baptist College, this school suffered from a poor geographical location within the state, and closed in 1914.

The real founding of Oklahoma Baptist University occurred in 1906 when the State Baptist Convention, in session in Shawnee, appointed a commission to make plans for the founding of a Baptist university. In 1907, a board of trustees was elected, and in 1910 articles of incorporation were

granted. The school actually opened in September 1911, in the basement of the First Baptist Church and in the Convention Hall of Shawnee.

Also in 1911, a group of individual Baptists organized an independent school at Oklahoma City under the name of Carey College, but it had to close its doors at the end of four weeks. Many of the students and a few faculty members transferred to Oklahoma Baptist University.

The City of Shawnee contributed the original 60-acre campus and the first building, Shawnee Hall, which was ready for occupancy by September 1915. Since that time, adjoining tracts of 140 acres have been added and 30 major buildings have been erected.

OBU is owned and supported by the Baptist General Convention of Oklahoma, which consists of approximately 1,700 cooperating Southern Baptist churches. OBU is responsible through the President to the Board of Trustees, whose members are elected by that Convention.

OBU's Mission Statement

As a Christian liberal arts university, OBU transforms lives by equipping students to

- pursue academic excellence
- integrate faith with all areas of knowledge
- engage a diverse world
- live worthy of the high calling of God in Christ.

Purpose Statement

Oklahoma Baptist University is an institution founded on Christian principles and teachings whose primary purpose is to conduct educational programs in the traditional arts and sciences and in other disciplines with the intent to prepare students for effective leadership and service in the various vocations.

The mission finds expression through a strong liberal arts core curriculum which supports degree programs designed to prepare students for careers and graduate study; through activities planned to stimulate spiritual, intellectual, social, cultural, and physical development; and through an environment that reflects the application of Christian principles and teachings.

Owned by the Baptist General Convention of Oklahoma and operated through a Board of Trustees elected by the Convention, the University engages in educational tasks in a manner consistent with the purposes of the Convention: to furnish the means by which the churches may carry out the Great Commission (Matthew 28:18-20). To achieve its

purpose, the University has adopted several goals, among which are:

- To be a Christian learning community where faith and knowledge contribute to the individual's awareness: of himself and his obligations within a diverse and interrelated society; of truth and its force; of the joy of discovery and the beauty of existence; and of the legacy of the past, the challenge of the present, and the promise of the future.
- To cultivate Christian community in which the Baptist principles of individual freedom and dignity as well as mutual kindness and respect and concern for others are stressed.
- To encourage a climate of learning where the student may develop the lifelong habit of critical thinking in the search for truth.
- To identify and communicate the knowledge, experience, and values which constitute man's cultural heritage.
- To provide opportunities for the student to engage in a serious study of the Bible and to learn the philosophy and tenets of the Judeo-Christian heritage; to instill an awareness of and an appreciation for the distinctive Baptist contribution to Christian theology and for the values inherent in the Christian faith; to encourage Christian commitment.
- To foster an awareness of the needs of the human community and the responsibility of each individual in an active life of service.
- To offer a broad-based liberal arts education and specialized professional training in mutually supportive roles.
- To afford the opportunity to explore the relevance of all academic endeavors to the Christian life.
- To make personnel, services and facilities of the institution available to meet appropriate educational, cultural, and religious needs of its several constituencies.
- To serve the Baptist constituency through the development of informed, enlightened, sensitive leadership.

Administrators, faculty and staff members will conduct themselves and their professional activity in a manner which is consistent with the Mission and Purpose Statement of the University. All academic courses, student activities and University policies and procedures will be conducted in a manner that does not contradict the Mission and Purpose Statement of the University.

Return of Title IV Funds Federal Financial Aid

Students who receive Title IV federal aid (Federal Pell Grant, Federal Supplemental Grant, TEACH, Federal Perkins Loan, Federal Stafford Loan, Federal PLUS Loan), but withdraw before completing 60% of the term for which they have been funded are subject to the return of Title IV funds as well as the institutional refund policy. According to the federal policy, only the amount of federal financial aid earned (determined by the withdrawal date) may be retained by the student. The amount of earned aid is not related to whether the student has or has not paid the bill with the University. Any federal financial aid which is not determined to be earned aid, must be returned to the appropriate Title IV programs. The calculation of the return of federal financial aid and the refund of institutional awards per the OBU policy, may result in the student owing a balance to the University. Specific details of the federal formula used for the return of Title IV funds are available in the Student Financial Services Office. Additionally, if a student withdraws before the Oklahoma State Regents issues a reimbursement check to OBU for any Oklahoma state grants, the full amount of the state grant(s) will be reversed from the student's account as they are no longer eligible for the grant and OBU will not be reimbursed.

For more information, please consult the "Intensive English Program" section of this catalog.

Non-degree Seeking Students

Non-degree seeking students requesting admission into a Certificate Program must meet admission requirements as defined by the specific program. Non-degree seeking students who wish to matriculate into a degree seeking program must apply and meet all admission requirements for that degree. Courses taken by a non-degree seeking student will apply to degree requirements if the courses are appropriate for the selected degree and the student earned a grade of C or better.

Non-degree seeking students are not eligible for financial aid.

Conditional Admissions Policy

Applicants who score below the minimum Admission Index, but have relevant work experience since receiving the bachelor's degree and who are otherwise judged qualified, may be admitted conditionally. The conditional status will be dropped, if after the completion of 9 credit hours the student will have maintained a GPA of at least a 3.0. Failure to maintain this GPA will result in the student's withdrawal from the program.

Denial of Admissions

OBU reserves the right to deny admission, continued enrollment, or re-enrollment to any applicant or student. Any program that requires a background check or drug screen reserves the right to take action that impacts the student's status including but not limited to the denying enrollment based on findings and will report findings to the appropriate agency.

Transfer Credit

A maximum of six credit hours or two courses from an accredited graduate school will be considered for transfer credit in the MBA, MFT, and MSN programs. A maximum of nine credit hours or three courses from an accredited graduate school will be considered for transfer credit. Only grades of B or above will be considered, and coursework should have been completed within the last six years. Transfer credit requests will be carefully evaluated by the MBA, MFT, or MSN Admissions Committee, and are not automatically granted.

All transfer grades become a part of the student's permanent record at OBU. Incomplete grades transferred to OBU will be calculated as F grades unless the student furnishes an amended transcript showing a changed grade. Transfer grade point averages will be calculated according to OBU grading policies.

The University cannot accept course work credits from institutions not accredited by a Council for Higher Education Accreditation (CHEA) or United States Department of Education (USDE) recognized accreditation organization. Non-accredited institutions include vocational or trade schools and other institutions whose purposes and curricula indicate their restrictive nature. However, after earning 24 credit hours in residence at OBU with a GPA of 2.00 or higher, credits earned at a college or university not accredited by a CHEA or USDE recognized accrediting organization may be applied to the student's OBU transcript as applicable credit for a degree.

A student who has completed fewer than 24 semester hours of accredited undergraduate college work must meet both the freshman admission requirements and the transfer admission requirements. Students who have completed 24 college semester hours or more at an accredited college or university who do not have a high school diploma or GED scores will be admitted on the basis of their transfer credits. However, a transcript of any high school work completed may be required.

GENERAL POLICIES

Governance of Graduate and Professional Studies at OBU

The College of Graduate and Professional Studies Council is charged with oversight of all graduate programs at the University. The Council is composed of the Provost and Executive Vice President for Campus Life, the Dean of the College of Graduate and Professional Studies, academic deans, appointed faculty members, and student representatives (one per program, selected by the cohort) from each approved graduate program or program under development.

Special Services

OBU's College of Graduate and Professional Studies provides support services to students with disabilities. The College of Graduate and Professional Studies is committed to the goal of achieving equal educational opportunity and full participation for students with disabilities. If you have a need for services due to disabilities, please contact the Dean of the College of Graduate and Professional Studies at 405.585.4601.

Non-discrimination Policy

Oklahoma Baptist University strives to maintain high standards of professional ethics in an atmosphere in which individuals do not abuse their personal authority or power in interpersonal relationships.

The OBU College of Graduate and Professional Studies is committed to maintaining a humane atmosphere in which the race, color, gender, age, national origin, marital status, and cognitive or physical disability are not disparaged. The University will not tolerate language or behavior directed against particular persons or groups the

intent of which is to degrade, humiliate, embarrass, frighten, or otherwise dehumanize.

Graduate Student Services

OBU staff members from both the Shawnee and Oklahoma City campuses are available to help students with application to the program, advising, registration, applications for financial aid, career counseling, and more, throughout their graduate education. Textbook purchases are facilitated online through OBU's bookstore. Book orders will be processed in a timely fashion so that required reading and writing assignments can be completed prior to the first class meeting. Library and reference materials are accessible online, as well as at the main OBU library and the Byrd Library on the campus of the OU Health Science Center. Students may also check out materials from a multitude of different libraries through OBU's participation in the OKShare program.

Student Rights and Responsibilities

OBU's College of Graduate and Professional Studies students are expected to support and promote the values of ethics, academic integrity, individual freedom, dignity, respect, and concern for others. Graduate and Professional Studies students have the right to appeal decisions. Those decisions not related to grade issues follow the sequence:

- faculty member
- Academic Dean
- ad hoc committee (Academic Dean, College of Graduate and Professional Studies Dean, faculty member)
- Provost and Executive Vice President for Campus Life

The grade appeals process is outlined in the Academic Policies section to follow.

Complaint Policy

The Student Complaint and Grievance Policy does not supersede specific policies involving special cases such as academic integrity and grade appeals, Title IX, sexual harassment, and due process within discipline procedures/hearings. Those special cases have specific policies and procedures that are outlined separately. A student who is unsure of which policies or procedures should be followed may discuss the matter with the Dean of Students, Director of Human Resources, or the Title IX coordinator.

University policies provide the opportunity for students to file informal concerns or complaints, or formal grievances concerning any member of the University community while acting in an official

capacity (e.g. faculty member, administrator, staff member). Information regarding procedures may be obtained from the Academic Center and/or the Office of Student Development.

Following the investigation, evaluation, and resolution of the formal grievance, the student and the University department/college will receive a written report of the outcome of the dispute. If the student's concern is not resolved at the formal grievance level, then the student is able to submit a final formal written grievance to the President by following the procedures outlined below.

The policy and form may be accessed in the Student Handbook at okbu.edu/campuslife/greenbook/grievance.html.

ACADEMIC POLICIES

Class Attendance

Due to the accelerated nature of course scheduling and the importance of team building among cohort peers in the OBU College of Graduate and Professional Studies programs, it is essential that students attend class regularly. When extenuating circumstances arise forcing a student to miss class, notice should be given as soon as possible to the faculty member as well as the College of Graduate and Professional Studies office. Responsibility for fulfilling all course requirements lies with the student. Faculty members have the option of granting make-up assignments or exams for missed class periods. Students with attendance issues may petition via the Incomplete Grade Contract to receive an incomplete in the course rather than withdraw from the course.

In online courses, regular and consistent participation is expected of all students. If the student is unable to participate in discussion boards or to complete an assignment, the student should make arrangements with the faculty in advance. The student is expected to look for any announcements and to monitor/participate in discussions as outlined in course syllabi.

Recording and Transmission Devices

The use of recording and transmission devices (including cell phones) in the classroom or online by students without authorization from the instructor is prohibited. The participation of individual students in class should not be recorded without their permission. Any authorization for the use of recording devices in the classroom or online by students carries with it the following limitations:

- recordings shall be used only for the student's private study;

- information from the recordings shall not be made available to other persons not enrolled in the course; and
- all recordings shall be destroyed at the end of the course.

Mobile Phone Usage

In order to maintain an optimal environment for learning, mobile phones should be turned off or set to vibrate during class. In the rare event that a student feels it will be necessary to take a phone call during class time, notice should be given to the professor in advance, as a courtesy. If a student receives a call, it is appropriate to leave the room, close the door, then answer the call.

Academic Dishonesty Policy

The University maintains a strict policy concerning academic dishonesty, which includes cheating, plagiarism, giving assistance on an examination or paper when expressly forbidden by the instructor, and any other practices which demonstrate a lack of academic integrity. Cheating occurs any time a student uses deception in order to avoid fulfilling the specific requirements of an assignment or course and/or in order to receive a higher grade than he/she might otherwise receive. Plagiarism occurs when a student appropriates passages or ideas from someone else's writing into his/her own without providing proper documentation and/or without using quotation marks to indicate when he/she is directly quoting from a source. The responsibility lies with the student to know and adhere to principles of academic honesty.

Procedure

If an instructor determines that the student is guilty of academic dishonesty, the instructor must discuss the matter with the student. In the event the instructor cannot reach the student in a timely manner, the instructor may assign a grade of "I" (Incomplete) until the student can be contacted and the matter of academic dishonesty discussed. The instructor then completes the "Academic Violation Form," which should include evidence and other necessary documentation. The instructor will determine the appropriate remedy: either a grade of zero on the assignment in question or a grade of "F" in the course. The student will designate whether he/she accepts the remedy for the violation of the dishonesty policy or wishes to appeal the instructor's decision. If a student elects to appeal, the "appeal due date" line must be completed on the Academic Violation Form. (See the Appeals section for more information regarding the appeals process.)

Upon completion, the instructor forwards the Academic Violation Form to the Registrar's Office

for placement in the student's permanent record. The Registrar will forward copies of the Academic Violation Form to the student, Dean of the College of Graduate and Professional Studies, appropriate academic dean or director, and Chief Academic Officer. Not appealing when the form is first completed or by the appeal due date will be taken as an admission of guilt, except under compelling circumstances to be determined at the sole discretion of the Chief Academic Officer.

If upon receipt of the Academic Violation Form the Registrar determines that the student is guilty of a second offense, and after all appeals are exhausted, then a grade of FD (Failure Due to Academic Dishonesty) will be assigned by the Registrar for the course regardless of the remedy specified on the Academic Violation Form. The student is then permanently disbarred from membership in any honorary society, is permanently ineligible for any OBU honor list, and permanently expelled from the University. The Registrar will notify all parties in writing. A copy of the final report with the two offenses will become a part of the student's permanent record. The university reserves the right to expel the student after a first offense, depending on the circumstances and at the sole discretion of the Chief Academic Officer. If the student is enrolled in one or more other courses at the time the FD is issued, he/she will be academically withdrawn from the other course(s). In the case of academic withdrawal due to an academic violation, no refund will be provided.

Appeals

The student who wishes to appeal an academic violation charge should submit his/her appeal in writing to the appropriate Academic Dean or Program Director (hereafter referred to as Dean) by the appeal due date indicated on the Academic Violation Form, which is normally within ten regularly scheduled business days after the completion date of the Academic Violation Form. This statement should contain the reasons for which the student is appealing the instructor's decision. The burden of proof lies with the student in such a case to show that an ethical violation has not occurred. Within ten regularly scheduled business days of receiving the written appeal, the Dean will notify, in writing, both the instructor and the student of the decision. Copies of the decision are to be forwarded to the Registrar and the Chief Academic Officer by the Dean. If the Dean is also the instructor who files the Academic Violation Form, then the student may appeal to the Chief Academic Officer.

When, in the opinion of the Dean, the student fails to show reasonable cause for further investigation,

the Dean may deny the appeal without taking further action. When, in the opinion of the Dean, a student's appeal raises reasonable doubt as to whether an ethical violation occurred, the Dean will meet with the faculty member and with the student and render a decision within ten regularly scheduled business days of the receipt of the appeal. If the decision favors granting the student's appeal, the Dean may request that the Registrar remove the Academic Violation Form from the student's record. The Dean will notify both the student and the instructor of this action. Copies of the decision are to be forwarded to the Registrar and the Chief Academic Officer by the Dean.

Any student who has exhausted the remedies open under the procedures outlined above may appeal the entire matter to the Chief Academic Officer in writing within ten regularly scheduled business days of receiving the response from the Dean. Upon receipt of the appeal, the Chief Academic Officer will review the matter and issue a decision within fifteen (15) regularly scheduled business days. The Chief Academic Officer has the authority to deny the appeal, reduce the penalties in the event of extenuating circumstances, or direct the registrar to remove the record of the Academic Violation Form from the student's permanent record. The results of the Chief Academic Officer's decision are final. The Chief Academic Officer will notify the student and the Dean. Copies of the decision are to be forwarded to the Registrar and the instructor by the Chief Academic Officer.

Note: During the appeals process, the student may continue to attend the class in which the violation occurred.

Advising

Upon admission to a degree program, students are assigned an academic advisor to assist them with planning their program of study. Students and advisors discuss the terms of the program requirements at appropriate intervals throughout the program. Advisors advise students on meeting the program requirements, however, it is the student's responsibility to schedule advising appointments and to complete all degree requirements. Students enrolled in online courses may make arrangements for a Virtual Chat or telephone call with an advisor at a mutually agreed upon time. Students may also access their advisor via OBU email.

Grades

All grades are filed in the Academic Center as a part of the permanent record of the student. Successful completion of any course depends on fulfilling the specific requirements of the course as dictated by the instructor at the level of competency which he/

she requires. Maintenance of acceptable standards of ethical conduct as a student is also required for successful course completion. The grades and quality points given are in descending order of excellence:

A (4.00), B (3.00), C (2.00), D (1.00)

*IP (0.0) - Work in Progress. Granted in special circumstances for those courses which take more than one session/semester to complete. In special instances, permission for this grade may be granted by the dean of the college in which the course is taken. The grade is granted for one calendar year; a shorter time period may be specified by the instructor.

F (0.0) - Failing

FX (0.0) - Failure because of excessive absences.

*I (0.0) - Incomplete. A neutral mark, the I is given at the discretion of an instructor when, for a legitimate reason, a student is not able to complete course requirements within a given session/semester. An incomplete grade contract signed by the instructor and by the student must accompany this grade to indicate the nature of the work to be completed and the time from for completing the work. An I may not be used as an alternative to a grade of F. An incomplete grade must be made up by the date identified by faculty whether or not the student is subsequently enrolled at OBU. If the grade is not made up by the deadline, it will be changed to a failing grade of F on the transcript.

Grade Reports

Grades are issued within 10 days of the close of a course. All grade reports are issued online.

Grade Appeals

In the case of a grade appeal, the student shall be considered to have an authentic grievance when he/she can demonstrate his/her grade for a course has been adversely affected because a faculty member has:

- a. made an error in the calculation of the grade or has made an error in reporting the grade to the Registrar;
- b. made an arbitrary, prejudiced or capricious evaluation of the student;
- c. created and enforced course policy that is arbitrary, prejudiced or capricious;
- d. failed to notify (or to make a reasonable attempt to notify) the student of course requirements, policies, and/or penalties;
- e. failed to notify (or make a reasonable attempt to notify) the student in a timely manner of failure to achieve educational objectives;

- f. infringed upon the contractual rights of the student as delineated in the course syllabus, the Catalog, or other University policy documents;
- g. violated the civil or human rights of the student as defined by law.

Grade appeals should begin by the student contacting the faculty member to attempt resolution. The first contact must be made within 10 working days of the date that final grades are posted. If the faculty member is unavailable, the student should contact the Academic Dean to petition for an extension. If the initial consultation does not result in a satisfactory outcome, the student may request a conciliatory conference with the Dean of the College of Graduate and Professional Studies, the Academic Dean and the faculty member. Such a request must be made in writing within five working days after the initial consultation with the faculty member. Should the conciliation conference not yield a satisfactory result, the student may request a formal hearing. A written request for a formal hearing must be submitted by the student within 10 working days after the conciliation conference. The written request must be submitted to the Chief Academic Officer. The petition must include detailed factual data and other information that the petitioner deems pertinent to his/her case, including an account of the informal procedures and why the attempted resolution was unsatisfactory.

Within five working days after receiving the student's petition, an ad hoc hearing committee shall be formed. The Chief Academic Officer shall select two graduate faculty members. The Dean of the College of Graduate and Professional Studies shall select two graduate students. The ad hoc hearing committee will select an additional faculty member to be a non-voting chairman. No person with a conflict of interest shall be selected.

The hearing shall be within 10 working days of the selection of the ad hoc hearing committee at a time and place determined by the Chief Academic Officer and communicated to all parties through his/her office.

The hearing will be conducted in private, and the parties will make no public statements about the case.

The ad hoc hearing committee will not be bound by strict rules of legal evidence. Serious efforts will be made to obtain the most reliable evidence. The decision will take the form of finding of fact, conclusions, and a recommended disposition of the appeal. The findings of fact, conclusions, and recommended disposition must be based solely on the hearing records and pertinent University

policies and procedures. The findings, conclusions and recommendations shall not be inconsistent with applicable provisions of local, state, and federal law.

General Rules of Procedure for Grade Appeals

The following rules and procedures will apply to all grade appeals:

- a. Time limits may be extended by the Chief Academic Officer when he/she considers the reasons for an extension to be warranted. However, a grade appeal should be resolved within six months of the time the grade is received.
- b. The committee shall be provided copies of all written correspondence that have been exchanged relative to the appeal. These materials shall be collected by the Chief Academic Officer and given to the Chairman of the committee.
- c. All proceedings shall be closed to anyone except the participants and the committee. The committee will review written documentation and hear oral statements from the two parties. At the discretion of the Chair, other students or faculty members may be invited for a portion of the hearing to provide relevant information.
- d. All proceedings and records of proceedings shall be confidential.
- e. A tape recording or video recording of the formal hearing will be made by the University. A transcript shall be provided at the expense of the party or parties requesting it.
- f. All formal hearing documents shall be kept in the confidential files in the office of the Chief Academic Officer. The ad hoc hearing committee will present its decision in writing within five working days to all parties and to the Chief Academic Officer. Should the student initiate court action, the University reserves the right to discontinue internal procedures or to continue same to complete a record as the case warrants. The ad hoc hearing committee may decide:
 1. to uphold the grade assigned by the faculty member;
 2. to suggest that the faculty member or the Chief Academic Officer change the student's grade; or
 3. to negotiate a mutually acceptable compromise between the student and the faculty member.

At least three of the four voting members of the committee must concur that the grade should be changed before a decision is made to change a grade.

Requirements for Grade Point Average

A cumulative GPA of 3.00 or above is required in order to earn the graduate degree. If the cumulative GPA falls below 3.0 after the completion of nine credit hours, the student will be placed on academic probation. The student is not allowed to attempt any new courses until the GPA is raised.

Failure to reach the above minimum will result in the suspension of the graduate student from the University. Notification will come from the Chief Academic Officer. Graduate students under academic suspension normally may apply to the Chief Academic Officer for reinstatement. Reinstatement of the graduate student is not automatic, but depends on the quality of evidence submitted to the Chief Academic Officer, in consultation with the appropriate academic Dean, to justify belief that normal progress may be made toward satisfaction of degree requirements. Reinstated graduate students must pass all courses attempted for each succeeding semester with a course grade no lower than B or a second suspension will result.

A student will be expelled from the program if he or she receives a "D", "F", or second grade of "C." The student may apply for readmission to the program.

COURSE POLICIES

Repetition of Courses

Courses may be repeated **one time** with permission of the Academic Dean. The second grade will count toward the calculation of the GPA. Full tuition must be paid.

Completion of Course Work

Specific course policies are at the discretion of the assigned course faculty member. All assignments should be completed before or by the last class meeting date.

Online Course Submissions

Central Standard Time in the United States is the accepted time zone for all courses submissions. Assignments must be posted by the due date and time identified by each course. See syllabi for program specific requirements

Leave of Absence Policy

Should a graduate student find it necessary to temporarily leave the program, he/she can request a leave of absence from the program. Students returning to the program in less than 24 months will

not have to be reconsidered for admission. If more than 24 months elapse, a student must apply for readmission to the program.

Five Year Limitation

Degree requirements must be completed within five years of the initiation of course work or the student risks losing all credits.

Auditing Courses

All graduate courses are available for credit enrollment only.

GRADUATION POLICIES

Degree Check

Graduate and Professional Studies students must apply for a degree check from the Dean of the College of Graduate and Professional Studies at least six months prior to the anticipated graduation date to certify completion of courses toward the degree, as well as anticipated completion of all remaining requirements. This may include certification by the Registrar of official transcripts from other accredited post-secondary institutions, if transfer credit is being applied to the degree (maximum of six credit hours). - written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of race, color, gender, national origin, age, or disability and that is placed on walls, bulletin boards, or elsewhere on campus or circulated on campus.

Such harassment is contrary to the Christian standards of conduct expected of all members of the graduate University community, students, staff and faculty.

Any student who engages in harassment will be subject to disciplinary action ranging from a warning to expulsion, if appropriate. Persons who believe they have been objects of sexual harassment or gender discrimination should so advise the Dean of the College of Graduate and Professional Studies, the Academic Dean, or their supervisor.

INTENSIVE ENGLISH PROGRAM

Intensive English Program Summary

The Intensive English Program provides an atmosphere of language learning through classroom instruction and hands-on experiences for the purpose of learning academic English. In addition, the program is designed to facilitate the learning process as apposed to rote memorization of information. Outside of the classroom, the program personnel help the student with cultural adaptation and social involvement using experiences and field trips.

The nine levels of the Intensive English Program represent language proficiency ranging from beginner to advanced. Based on English placement exams given at the beginning and/or end of each term, each student is placed in the appropriate language level. In subsequent terms, placement considerations may also include previous academic performance and attendance.

This program is structured in the skills of listening, speaking, reading, and writing but also provides the student with the opportunity to expand his or her language knowledge of special interests and careers in and outside the classroom. American culture is injected in all aspects of learning.

An English Language Learner (ELL) may choose to enter the IEP at the beginning of each seven-week session in the fall or spring. Moreover, these four (4) seven-week sessions allow the ELL to advance quickly and efficiently through the language learning process.

Field trips, cultural experiences, and one-on-one tutoring are also incorporated in the student's English language learning experience.

MASTER OF BUSINESS ADMINISTRATION

MBA Mission

The Master of Business Administration program at the College of Graduate and Professional Studies extends OBU's mission through rigorous graduate programs that help students transform their careers, their lives, and their world through:

- professional, real-world, results-minded instruction;
- a Christ-centered outlook on the world; and
- a global perspective.

MBA Program Admission Requirements:

1. An earned bachelor's degree from an accredited U.S. college or university, or a foreign equivalent. The undergraduate degree does not need to be in a business field. Working professionals with degrees in other fields are strongly encouraged to apply.
2. Demonstration of basic competency in general business knowledge including financial accounting, economics, finance, and business math and statistics is required. Competency can be demonstrated by
 - Submitting transcripts demonstrating successful completion of coursework in the required areas at an accredited institution;
 - Passing the appropriate College-Level Examination Program (CLEP)*; or
 - Passing the appropriate *Ivy Software Examination* (Pre-Course Assessment or Post-Course Exam)**.
3. Demonstration of higher education or extended business knowledge. Competency can be demonstrated by one of the following.
 - Scores on Graduate Management Admissions Test (GMAT). Applicant's undergraduate GPA is combined with a multiplier of 100 and the applicant's GMAT score. Applicants with an admission's index less than 750 would be reviewed by the MBA Admissions committee.
 - An undergraduate GPA of 3.25 or higher plus five years of relevant work experience. Applicants will be reviewed by the MBA Admissions committee.
 - An earned advanced degree (Masters or higher) from a regionally accredited university.
4. Full-time work experience of at least two years is preferred, with a strong desire to develop leadership potential. Exceptional students with less work experience may be considered on a space-available basis.

Applicants who score below the minimum Admission Index, but have relevant work experience since receiving the bachelor's degree and who are otherwise judged qualified, may be admitted conditionally. The conditional status will be dropped, after the completion of 9 credit hours, if the student will have maintained a GPA of at least a 3.0. Failure to maintain this GPA will result in the student's withdrawal from the program. Students are admitted conditionally only by a favorable vote of the MBA Admissions Committee (3 MBA faculty members and the Dean of the College of Business).

Integrated OBU Bachelor's Degree/ MBA Degree Program

Students at Oklahoma Baptist University are more likely to complete their bachelor's degrees in four years than at most colleges in the region. Now, our Integrated Bachelor's Degree/MBA Degree Program gives you the chance to complete both undergraduate and graduate degrees in five years.

No matter what your discipline of study, you can begin work toward a Master of Business Administration degree at OBU while completing your undergraduate degree. You don't have to major in a business field to qualify for the integrated program. You only need to complete the prescribed 12 hours of business courses and meet other College of Graduate and Professional Studies admission standards before provisional admission to the OBU MBA program will be granted.

OBU's MBA degree program helps you learn to lead by building your skills in proven administrative practices rooted in biblical principles. There is a business side to every profession. An MBA degree deepens your understanding of how to lead people well and how to make wise strategic and financial decisions no matter what your career may be.

The integrated program will allow you to get into your career faster and with stronger academic

credentials than your peers. It is another way OBU can accelerate your career as you gain skills for a lifetime of leadership and service.

Undergraduate students may count up to six hours of OBU MBA cross-listed course work for undergraduate credit. The program effectively reduces the number of OBU MBA credit hours needed to be taken in year five from 36 to 30.

The following 12 hours of required business courses must be completed for provisional admission to the MBA degree program:

- FIN 3403 - Introduction to Business Finance
- MATH 2003 - Basic Statistics
- ACCT 2013 - Principles of Accounting I
- ECON (Micro or Macro)

A minor in business is recommended.

Any student in the program must maintain a GPA of at least 3.25 in the required business courses, with no grade lower than a "C." The student's overall GPA must be at least 3.0.

To participate in the program, the student must complete the MBA degree program admission process. The student may apply after completing 80 hours of undergraduate course work. At least 96 hours of undergraduate course work must be completed prior to beginning master's-level courses. Additionally, an interview with MBA program faculty is required. The student is provisionally admitted into the MBA program until the bachelor's degree is completed. A degree plan to complete the MBA program will be compiled in consultation with the student after acceptance.

Students may begin MBA degree classes in August or January of their senior year. Undergraduates may take up to six hours of graduate work. Course options will be discussed with an advisor.

The remaining MBA degree requirements may be completed in the academic year following completion of the bachelor's degree.

Undergraduate students cannot take an MBA topics course for undergraduate credit.

MASTER OF SCIENCE IN MARRIAGE AND FAMILY THERAPY

MFT Mission

The Marriage and Family Therapy graduate program at Oklahoma Baptist University equips graduates for the competent practice of marriage and family therapy in order to demonstrate Christ's love for people, marriage and families.

MFT Program Admission Requirements:

1. **Admission** to the OBU graduate program.
2. **Previous Course Work.** Although no specific undergraduate major is essential for admission to the MFT program, applicants are encouraged to have backgrounds in the human services fields or have accumulated undergraduate credit in human development, family science, psychology, sociology, theology or ministry. Because of the program's Christian perspective, applicants are required to have completed a basic undergraduate or graduate course in Christian theology. Those who lack this course are expected to complete MFT 5911, Theological Foundations or its equivalent by the end of the second semester of study.
3. **Personal and Work Experience.** Consideration is given to those applicants whose personal and work experience demonstrates commitment to the field of marriage and family therapy. Applicants with at least two years of gainful employment in the Human Services field will receive special consideration.
4. **Recommendations.** A minimum of three (3) recommendations from persons who are familiar with the applicant's academic, employment and religious experience is required.
5. **Graduate Record Examination.** A qualification index based upon the following weighting: GPA at 40%, GRE at 60% (Verbal at 30%, Quantitative at 10%, Analytical Writing at 20%). Applicants who score below the qualification index, but have relevant work experience since receiving the bachelor's degree and who are otherwise judged qualified, may be admitted conditionally. The conditional status will be dropped, if after the completion of 12 credit hours the student will have maintained a GPA of at least a 3.0. Failure to maintain this GPA will result in the student's

withdrawal from the program.

6. **Interview.** Upon qualifying in regard to all the above admission requirements the applicant may be required to have an on-campus personal interview with the MFT Graduate Studies Committee.

Integrated OBU Bachelor's Degree/ MFT Degree Program

Through an integrated program, OBU provides the opportunity for students from all disciplines to begin work toward a Master of Marriage and Family Therapy degree while completing an undergraduate degree at OBU. Through the program, students from any academic discipline can pursue completion of both a bachelor's degree and a master's degree within approximately six years.

To participate in the program, the student must complete the MFT degree program admission process by submitting an application, professional recommendations, a statement of purpose and current transcript. A student will typically apply during the junior year of undergraduate course work. At least 96 hours of undergraduate course work must be completed prior to beginning master's-level courses. Additionally, an interview with MFT program faculty is required. The student is provisionally admitted into the MFT program until the bachelor's degree is completed. Students who demonstrate success in the graduate courses may have the GRE requirement waived for admission into the graduate program.

Advanced Standing students may begin MFT graduate classes in August or January of their senior year. Undergraduates may take up to twelve hours of graduate work. The remaining MFT degree requirements may be completed following completion of the bachelor's degree. Advanced Standing students may choose to receive undergraduate credit by examination for a corresponding undergraduate class of parallel content to the graduate course. The MFT Program Director will advise students on which courses they can take at the graduate level.

Graduate classes are billed separately from undergraduate classes. Students are strongly encouraged to consult with Student Financial Services to determine the best approach for

maintaining undergraduate aid/scholarships while acquiring graduate credit.

The following 15 hours of undergraduate Psychology/Family courses are recommended for student success with the MFT degree program:

PSYC 1223 - General Psychology

PSYC 2623 - Research Methods
or PSYC 2223 - Statistics for Behavioral and
Social Sciences

PSYC 2043 - Child and Adolescent Development

PSYC 3763 - Basic Counseling Skills

FMLY 3513 - Marriage and Family

For more information, contact the Director of the Graduate Program in Marriage and Family Therapy.

Medical Family Therapy Certificate Program

The OBU Medical Family Therapy Certificate Program is a post-graduate certificate program focused on the theory and application of Medical Family Therapy (MedFT). Students who complete the program will receive training in the provision of collaborative health care services from a biopsychosocial-spiritual perspective, as well as the treatment of illness in the context of family and medical systems.

The certificate program will provide both educational and practical opportunities for students. It may be completed by OBU students concurrent with their enrollment in the MFT program, or by community behavioral health providers (Masters level clinicians including LMFTs, LPCs, LCSWs, nurses, physicians, etc.). Students will complete 9 credit hours of instruction (Introduction to Medical Family Therapy, Advanced Medical Family Therapy and a Medical Family Therapy Practicum). After completion of the two didactic courses, students will enroll in the MedFT practicum. In this course, students will be required to provide MedFT services in a medical setting. Emphasis will be placed on brief interventions (including solutions-focused therapy and motivational interviewing), as well as the application of course material from the two prerequisite courses. Within the 8-week timeframe of the practicum, students will be required to complete 80 clock hours at a medical site, including at least 40 hours of direct client contact. This practicum will be taught in the summer.

To apply for the certificate program, applicants will complete an application, submit letters of recommendation, official transcripts and a current resume/vita.

CGPS STUDENT HANDBOOK

2015-2016

Student Handbook

1.1 Mission Statement

As a Christian liberal arts university, OBU transforms lives by equipping students to pursue academic excellence, integrate faith with all areas of knowledge, engage a diverse world, and live worthy of the high calling of God in Christ.

1.2 Purpose Statement

Oklahoma Baptist University has been founded on Christian principles and teachings with the primary purpose to conduct educational programs in the traditional arts and sciences and in other disciplines with the intent to prepare students for effective service and leadership. The mission finds expression through a strong liberal arts core curriculum which supports degree programs designed to prepare students for careers and graduate study; through activities planned to stimulate spiritual, intellectual, social, cultural, and physical development; and through an environment that reflects the application of Christian principles.

Owned by the Baptist General Convention of Oklahoma and operated through a Board of Trustees elected by the Convention, the University engages in educational tasks in a manner consistent with the purposes of the Convention: to furnish the means by which the churches may carry out the Great Commission (Matthew 28:18-20).

1.3 Core Values

The following core values represent the institutional convictions, passions, and beliefs of Oklahoma Baptist University. These core values therefore shape the standards and beliefs of the mission and purpose of the university.

Christ Centered

Jesus Christ is the center of all things, and as such is the ultimate goal of an OBU liberal arts education. Oklahoma Baptist University is genuinely committed to and operates within the framework of the Christian world and life view as set forth in the Old and New Testaments. At the center of this commitment is the person and work of Jesus Christ, the incarnate Son and Word of God, and the divine Creator and Savior of the world. OBU aspires to be a Christ-centered institution of higher education in its character and conduct, and in its academic pursuit of truth. This aspiration calls for all faculty, staff, and students to integrate the Christian faith in all learning based on the supposition that all truth is God's truth and there is no contradiction between God's truth made known in Holy Scripture and that which is revealed through creation and general revelation.

Excellence Driven

Excellence should permeate all efforts and all facets of Oklahoma Baptist University. The Christian faith mandates excellence in service to God and humanity in all spheres of life and conduct. This commitment to excellence in all things is an expression of the Lordship of Christ and necessitates the stewardship of His creation. Because the Lord cares about our work, OBU strives to be motivated in humility to excellence in all things for the glory of God.

Learning Focused

Oklahoma Baptist University seeks to promote the virtue of a life of learning and to fulfill the Great Commandment. Scripture affirms our responsibility to love the Lord with all our heart, our soul, and our mind. Every area of the University should be focused upon the mission of scholarship, teaching, and learning. Learning does not occur simply for its own sake, but learning should instead transform each believer into the image of Christ. Through the undergraduate and graduate curriculum, OBU values the life of the academy and seeks to instill in its students a lifelong pursuit of learning and wisdom.

Missional Purposed

As a Christian liberal arts university, Oklahoma Baptist University exists to transform lives for missional

purpose in global engagement. OBU strives to equip and educate students to engage a diverse world in obedience to the Great Commission and in submission to the Lordship of Christ. OBU seeks to prepare servant leaders with the character traits of Christ, the intellectual knowledge and wisdom attained from the liberal arts, competencies required for professions, and motivation for responsible Christian action and service.

Community Directed

Oklahoma Baptist University strives to create and nurture a university community where persons relate to one another in Christian charity and compassion. Creation in the image of God is the basis for human dignity and uniqueness, and is therefore affirmed for all persons. Jesus Christ is the perfect image of God, and the result of the process of salvation is becoming fully like Christ and thus, most human. OBU is committed to the commandment to love others as ourselves and endeavors to value and relate to all persons in accordance with their created uniqueness. This belief applies both to individual persons and to all human social structures.

1.4 About OBU

The affairs of Oklahoma Baptist University are administered by the President of the University who is elected by the Board of Trustees. The President, the chief executive officer of the University, appoints officers to assist him in University administrative matters.

The academic structure of the University is composed of several colleges and schools, each of which is the responsibility of a dean. The academic deans report to the Chief Academic Officer, The Provost.

The members of the instructional staff (faculty) are recommended by the President and are elected by the Board of Trustees. Faculty members are directly responsible to their respective departmental chairs who are responsible to their respective deans. All curriculum matters are first considered by a University committee then presented to the Faculty Forum before being forwarded to the President for approval.

The university administration welcomes comments from individual students regarding University policies and procedures. Students may actively participate in the process of University governance through any of the following established paths. Students appointed by the Student Government Association (SGA) President and those elected to the SGA Senate serve on University committees with administrators, faculty, and staff. They are represented on task forces, advisory groups, and the Planning Analysis Committee. Students may also use the indirect paths which include discussions with residence hall staff, writing articles for the student newspaper (The Bison), or asking for appointment with any Student Development staff members.

In compliance with federal law, including the Provision of Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990, Oklahoma Baptist University does not illegally discriminate against persons on the basis of race, religion, sex, color, national or ethnic origin, age, disability, or military service in the administration of educational policies, programs, or activities, its admissions policies, scholarship and loan programs, athletic or other University administered programs, or employment.

2.0 Student Rights and Responsibilities

2.1 Introduction to Responsibilities

University policies relating to student life are intended to give each student programmed opportunities within the context of a Christian community to develop and to expand those potentialities which can give full expression to the person. Within University guidelines, a student is encouraged to make personal choices which enhance development. The formulation of behavioral expectations into policy is generally guided by Southern Baptist beliefs and doctrine; and these policies provide the bases of creative social relationships in the OBU community.

A student, by virtue of choosing to attend or remain at Oklahoma Baptist University, agrees to live within the framework of the University's standards which include, but are not limited to, its values, policies, rules, philosophy, Christian mission, and expectations ("the University's standards"). While a student's personal convictions may differ from these standards, the choice to become or remain a part of Oklahoma Baptist University's community includes a commitment to abide by the University's standards. The University may, in its sole discretion or judgment, discipline or dismiss a student who demonstrates a lack of respect for, or who disregards the University's standards, or whose conduct is not in keeping with the University's standards.

Students are responsible to access a current copy of the Graduate Catalog, become familiar with its contents and comply with all policies, rules, and regulations and procedures therein. Student who fail to comply with the information contained in the Graduate Catalog are subject to discipline action. Ignorance of the information in the Graduate Catalog is not an acceptable defense for violating policies. The Graduate Catalog may be accessed on the University's web site at www.okbu.edu/academics/graduatecatalog. It is the students' responsibility to be knowledgeable of its contents.

2.2 College Citizenship

Oklahoma Baptist University students are expected to obey the law, abide by University policies and rules, maintain high standards of moral conduct, respect the well-being of others, and generally conduct themselves in a manner which is consistent with the purpose and character of the University. Regardless of where the violation occurs, if a student fails to meet these expectations of citizenship the University may take disciplinary action, including but not limited to withholding of academic credit or degrees to suspension or expulsion.

As part of the University's core value of being community-directed, students are expected to be concerned for the well-being of fellow students. From a Biblical perspective (Matthew 18:15-18, James 5:19-20 Galatians 6:1-2), members of a community are to be concerned for the growth of others, to show concern for others, and lovingly confront each other when a fellow student appears to be outside the standard set forth by the University and the Word of God. In most situations, accountability begins at the level closest to the dispute. Students are encouraged to reach out to their University Counselor, Coach, Advisor, Faculty, or any member of the OBU community if they believe fellow student is outside the standards of the University. The goal is to resolve as many situations as possible involving as few people as possible.

To uphold the integrity of the OBU community, all community members (employees and students) are expected to behave in ways which demonstrate care and respect for all members of the community, and share in the responsibility for safeguarding the rights and safety of other members and for maintaining community standards.

These shared expectations and responsibilities allow for community members to accept responsibility for and monitor the behavior of all community members, and to address violations when they occur. If a community member observes a violation of local, state, or federal law, they should report it to the University Police, 405.878.6000, or the College of Graduate and Professional Studies at 405-585-4601.

The University encourages students to seek counsel and help on any matter that interferes with their academic, physical, social, or spiritual lives. The University desires to act out its redemptive and caring spirit by affording assistance to students in an atmosphere as confidential as possible. If the issues are beyond the University's resources, the University will assist the student to locate other sources of assistance.

2.3 Seeking Assistance

Each student should be aware of his/her own behavior and the positive or negative effects that behavior can have on the community. If a student knows his or her behavior is outside the limits established by the University and sincerely wishes to get assistance in order to change that behavior prior to the University discovering the inappropriate behavior, the student may take the initiative to discuss this with a faculty member, their coach, the University Counselor, the Director of Residence Life, or the Dean of College of Graduate and Professional Studies without the threat of disciplinary action. Staff members will seek to work with the student toward the goal of restoration (Proverbs 27:5, 6). Exceptions to this approach may be where behavior is repetitive, self-destructive, and hazardous to others or self, or involves a legal issue.

3.0 Campus Services

3.1 Mabee Learning Center (Library)

The Mabee Learning Center has been designed to serve the modern learning and study needs of students. It provides a wide variety of the most up-to-date study facilities: full text services, a fully integrated automated system (SIRSI Unicorn Management System), Dialog Reference Service, ProQuest, conference rooms, typing rooms, lounges, microforms areas, and audio-visuals.

Learning Center patrons must present validated OBU I.D. cards (with affixed bar code) when charging books for use outside the Center. Since the system is automated, charges are made to a student's account when

materials are overdue. Swapping or loaning I.D. cards will result in charges being made to the person whose name is encoded on the I.D. card.”

A complete copy of the statute, including penalties, is available in the Media Center and Office of Student Development.

3.2 The Milburn Center

The Milburn Student Success Center is committed to the success of each student at OBU. Its staff and resources are available to assist students of all majors, classifications, and academic needs with comprehension of course material as well as in the development of study, research, analytical, reading, writing, and critical thinking skills.

The Milburn Student Success Center offers tutoring in most core subjects as well as in mathematics, chemistry, physics, accounting and economics. Students can also find assistance in writing assignments and in strengthening or developing general study strategies. Further services include academic peer mentoring, broad-based writing support, and assistance in developing formal learning plans to aid students in their success at the university. Writing assistance and tutoring occur in a variety of formats: one-on-one, small-group, and large-group settings.

The Center is located on the third floor of the Mabee Learning Center (MLC 318) and is open Monday – Thursday from 4 pm to 10 pm, and Sunday from 6 pm to 10 pm. Appointments are encouraged but walk-ins are always welcomed. Special forums and events will be offered by The Center throughout the academic year. For the current schedule or to make an appointment, email student.success@okbu.edu.

3.3 Administrative Services

Office locations and telephone numbers can be found in the University Directory.

3.4 Confidentiality of Student Records

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day the University receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect.

The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. The following are some, but not all, of the exceptions which allow disclosure by the University without the student's consent.

Disclosure may be made to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position; a person or company with whom the University has contracted (such as an attorney,

auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the University discloses education records without consent to official of another school in which a student seeks or intends to enroll.

The University may disclose directory information, that is, information contained in the education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. Directory information includes, but is not limited to, the student's name, address, telephone listing, electronic mail address, photograph, date and place of birth, major field of study, dates of attendance, grade level, enrollment status, participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards received, and the most recent education agency or institution attended unless the student notifies the Director of Academic Records / Registrar in writing within two weeks of registration that the student does not want any or all this information disclosed without the student's consent.

The University may disclose information concerning a student which is furnished to the University by the State of Oklahoma pursuant to the Campus Sex Crimes Prevention Act.

The University may release information to the parents of students under the age of 21 at the time of the disclosure when the University determines that the student has violated University rules or the law governing the use or possession of alcohol or other drugs. The University may also release any student record to the parents of a dependent student, as defined in section 152 of the Internal Revenue Code of 1986.

Upon written request, the University will disclose to the alleged victim of a crime of violence or a non-forcible sex offense the final results of the disciplinary proceeding conducted by the University with respect to that alleged crime or offense. The final results will be disclosed to the victim's next of kin if the victim dies as a result of the crime or offense.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA.

Challenges to the Education Record

A student shall have the opportunity to challenge any item in his/her education record which he/she considers to be inaccurate, misleading, or otherwise in violation of the privacy or other rights of students. A student shall initiate a challenge by submitting a request in writing for the deletion or correction of the particular item to the custodian of the record in question.

The custodian of the record shall respond to the student's request within seven (7) calendar days. If the custodian refuses to amend the record of the student in accordance with the request, the custodian shall so inform the student and the University President and shall advise the student of the right to a hearing which must be requested in writing to the University President within seven (7) calendar days.

If the student requests a hearing, the University President shall promptly appoint a hearing officer. The hearing officer shall set a time, date, and place for the hearing within fourteen (14) calendar days of the appointment. At least seven (7) calendar days before the hearing, the student shall be advised in writing by the hearing officer of the time, date, and place of the hearing, of the right to a full and fair opportunity to present evidence relevant to the issues, and of the right to be assisted or represented by individuals of his or her choice at his own expense, including an attorney. If the student chooses to be represented by an attorney, that decision must be conveyed to the hearing officer at least three (3) calendar days before the hearing date. The hearing officer may obtain other relevant information for use in the hearing.

The hearing officer shall provide the student with a written decision within fourteen (14) calendar days after the hearing concludes. The written decision shall include a summary of evidence and reasons supporting the decision. The decision of the hearing officer shall be final.

3.6.16 Internal Communications Policy for Students

As a Christian institution of higher education, Oklahoma Baptist University has found that communication is an essential part of the daily interactions that make our existence possible. As a result, members of this community are expected to use the communication means afforded to them here at OBU in a prompt and responsible manner. Communication that upholds these ideals must not only be timely but also respect the standards set in detail in the Green Book (student handbook) and other applicable University policies.

In addition to direct means of communication (person-to-person and via electronic means), the University expects all students to use these three primary means of internal communication:

1. Campus Mail (provided to students living on campus)
2. Electronic Mail (provided to all enrolled students)
3. University Web Site (www.okbu.edu)

Official University communication may come to a student through any and/or all of these three means. All students are expected, on a regular basis, to accept their mail communication (campus, electronic, and voice) within a reasonable time period from the date of receipt. Under normal operating circumstances, a reasonable time period is defined as 2-3 business days. The term accept is defined as reading or listening to the respective form of mail and making any appropriate and reasonable responses.

Periodic circumstances (such as a break in the academic calendar or extended time off campus) may prevent a response within a normal time frame. During this time, students are expected to make their absence known to those on campus who may try to contact them--i.e. notifying the campus post office, leaving a message on voice mail, or an auto-reply on e-mail.

The web site is not a means to send information to members of the University. However, the web site does serve as a repository for important community information such as policies and procedures and information about various programs and services provided by the University. As a result, students are expected to access the University's web site on a regular and/or as-needed basis to seek the information they need.

3.6.17 Café on the Hill (The Caf)

The Café on the Hill is located in the Geiger Center and provides service to students, faculty, administration, staff, and guests. A valid student ID card must be presented by students who have purchased one of the various meal plans, while others are required to purchase meals individually. Students residing in University residence halls are required to participate in one of the meal plans offered as a room/board package. Students residing in apartment units may purchase a 60-meal or 80-meal plan. Exemptions from meal plan participation are considered only when employment prohibits participation or at the written request of a medical doctor who attests the need for exemption. Food service personnel will make every reasonable attempt to accommodate special dietary needs.

3.6.18 Lost and Found

Articles are gathered in Geiger Center office 205 and each of the residence hall offices. Items may be discarded or donated if not claimed within thirty (30) days.

3.6.20 Meetings and Facilities

The Office of the Director of the Geiger Center is responsible for the campus-wide University Calendar (Grand Calendar) and thus serves as the official clearinghouse for the scheduling of all meetings of campus organizations and all other non-academic meetings or activities held on campus.

Guidelines are required to provide maximum use of space because of constant and heavy demand for meetings and program presentations areas. Priorities apply to some of the facilities which campus organizations may use.

3.6.21 Missing Person Policy

In compliance with Higher Education Act Title IV, Section 485 (j), this policy applies to students who reside in campus housing, including off-campus housing rented by the University.

A student may be considered to be a "missing person" when absent from the University for a period of more than 24 hours without any known reason or which may be contrary to usual patterns of behavior. Such circumstances could include, but are not limited to: reports or suspicions of foul play, suicidal thoughts, drug use, any life threatening situations, or when a student may be known to be with persons who may endanger the welfare of the student.

All resident students shall have the opportunity to designate an individual or individuals to be emergency contacts in case the student is determined to be missing. The contact will be notified by the University no more than 24 hours from the time the student is determined to be missing. The emergency contact will remain in effect until changed or revoked by the student. If a missing student is under 18 years of age, the University will notify the parent or guardian no later than 24 hours from the time the student was determined to be missing by the University.

The University will also notify the Shawnee Police Department when the student is determined to be missing.

3.6.23 Publications Board

The Publications Board is an administrative advisory committee which studies the nature and problems of student publications. The board's primary duties are formulation of recommendations concerning The OBU Bison (campus newspaper) and the Yahnseh (yearbook) and the selection of the editors for each publication. The board also acts on requests for on-campus distribution of independent publications and on requests for solicitation of off-campus advertising by student organizations. The board consists of four faculty members, one administrator, and four students.

3.6.24 Sales/Solicitations

Oklahoma Baptist University operates with a centralized fundraising philosophy. All fundraising efforts by OBU faculty, staff, students or organizations must be approved in advance by the Vice President for University Advancement. Applications may be picked up in the Development or Student Activities offices.

Outside agencies are not permitted to solicit sales or offer anything for sale to any employee or student on the University campus, unless approved by the approved in advance by the associate vice president for business services.

3.6.29 Student Publications

The principal publications with which students are directly concerned are The Bison, the student newspaper, and the Yahnseh, the yearbook. Student publications also serve as journalism laboratories, and, as such, are responsible to the Communications department within the College of Fine Arts. The Bison is published regularly and distributed at various locations on campus. The Yahnseh is delivered each September and distributed at that time to students returning from the previous fall and spring semesters.

3.6.30 Testing Services

The Testing Office administers the majority of non-classroom related tests on campus. Among those given are the English Proficiency Exam, the ACT, interest inventory/personality inventory tests, and special accommodation testing. For information on Testing Services, please contact the Milburn Center or the Dean of the College of Graduate and Professional Studies.

3.6.31 Voter Registration

All states require that you be a United States citizen by birth or naturalization to register to vote in federal and state elections. You cannot be registered to vote in more than one place at a time. Each state has its own laws regarding registering and voting as well as deadlines for registering to vote and absentee voting. For the latest information, go to www.canivote.org. (This nonpartisan website is maintained by the National Association of Secretaries of State.)

Voter registration forms are located in the Dean of Students office, GC 209, or in the Library at the Circulation Desk.

4.0 Residence Life – for those living in campus housing

* See the Residential Life Handbook for a more detailed treatment of housing related issues.

A long-standing tradition of Oklahoma Baptist University has been the provision of a residential campus. This position has been affirmed through research, which reveals that if students remain in campus housing they are more likely to complete their college education, develop a stronger sense of spiritual formation, participate in campus activities, adjust to various social situations, and establish life-long friendships with students and faculty.

Oklahoma Baptist University shall continue the commitment made to Oklahoma Baptists to provide a residential campus, thus students who choose to reside in off-campus housing without University approval will be subject to disciplinary action which may include suspension from the University.

All unmarried students who are enrolled in eight or more hours must reside in University housing except students who:

- reside with parent(s) or immediate family or in property owned by the student or parent(s); proof of ownership is required;
- secure employment for which payment is, or includes housing on the business premises; student must provide proof of employment, that housing is a required condition of employment, and that the housing is owned or leased/rented by the business;
- have attained the age of 21, or shall during the semester for which the request is made*; or,
- have attained senior status (a minimum of 90 credit hours) prior to the semester for which the request is made*.

*The latter two requirements are contingent upon the student being in good standing with the University.

Students may request permission to reside off campus by completing an “Off-Campus Exemption Form,” which must be approved by both the Dean of Students and the Director of Residence Life. It is an element of University educational philosophy that students reside on campus during the earlier years of their University experience; thus exceptions to the policy will only be granted to those few “extremely unusual circumstances” which make living off campus necessary for the student’s well-being. Permission to reside off campus may be canceled if conditions warrant resulting from behavior not consistent with University philosophy as expressed in institutional policies.

4.1 Residence Hall Guidelines

4.1.1 Accidents/Emergencies

In an emergency involving a student he/she should contact the appropriate Residence Director or R.A. to alert him/her of the situation. If the Director or R.A. determines that the police, fire department, or ambulance service should be contacted, the agency will be contacted immediately by the staff member. University Police also will be notified by the staff member.

Students who find themselves in a “life threatening” situation, or observe such an incident, should immediately call the appropriate agency (911), followed immediately by calling the Residence Director or R.A., who should be responsible for contacting University Police.

A report of any accident or emergency which occurs at any time is to be reported at once to the Residence Director. If the Residence Director is unavailable, a report is to be made to the Director of Residence Life, another Residence Director, or the Dean of Students.

4.1.2 Appliances

The following electrical appliances are permitted: desk lamps, computers, radios, stereos, television, clocks, irons, razors, blankets, toothbrushes, refrigerators, and coffee makers with automatic shutoff.

Radios, stereos, and televisions must be operated at volume levels which do not disturb other residents.

Hot pots, hot plates, microwave ovens, toasters, and similar appliances are not permitted in Agee, Kerr, Taylor, WMU, or Howard residence halls. Refrigerators must not exceed 5 cu. ft. nor use more than 2 amps.

4.1.3 Fire Precautions

In the event of fire, residents are reminded to use the stairs leading to the nearest exit. The door and windows to the room should be closed before departing. To help prevent fire, residents are requested to observe the following precautions:

1. Do not overload or abuse electrical outlets.
2. Check appliance cords for frayed or worn areas.
3. Refrain from activities which involve fire or flame.
4. Utilize surge protectors, not extension cords.

Fire equipment is provided on each floor for the protection of human life and property. Tampering or playing with the firefighting equipment and/or alarms is a violation of local, state, and/or federal laws. Section 10-56 of the Shawnee City Code reads: “Whoever in this city shall give or sound a false alarm of fire, without reasonable or probable cause, upon conviction thereof, shall be fined in any sum not to exceed one hundred dollars, plus costs.” Further, such event shall result in disciplinary action, including, but not limited to disciplinary probation or disciplinary dismissal. Resident Assistants will provide additional specific instructions of procedures in the cases of fire or tornado warnings in floor meetings.

4.1.4 Furniture

An inventory of the furnishings and the state of repair is taken at the start of each year and maintained by the Residence Director. Residents are advised to check the inventory and conditions of the room and furnishings with the Resident Assistant when the room is first occupied. No furniture may be removed from the room unless permission is granted by the Residence Director.

A room/apartment must be acceptably clean when the resident moves from it, or the cost of cleaning will be charged to the resident. Charges for damages, losses, and cleaning will be billed to the student accounts.

4.1.5 Guest Rooms

Guest rooms in WMU, Kerr, and Agee Residence Center are available to families of residents and to University guests. Reservation of a guest room can be made by calling the Office of Residential Life at (405) 585-5250 during office hours Monday through Friday. Each of the guest rooms may be rented for \$25 per night. Guest rooms are only available after the beginning of the academic year and only when the dorms are open for residents.

4.1.6 Housing Assignments

Housing assignments are the responsibility of the Director of Residence Life and Residence Directors. Residents are required to file housing requests for each semester of occupancy. Assignments are based on classification, citizenship, institutional needs, GPA, and length of time the student has lived on campus at OBU. See the Residential Life Handbook for Housing Sign Up Guidelines.

4.1.7 Housing Visiting Hours

Dorm lobbies are opened until 1 a.m. for opposite sex visitation. Members of the opposite sex are allowed into the dorm rooms every Tuesday from 4 p.m. – 10 p.m., and Friday and Saturday from 2 p.m. – 11 p.m.

Residents returning to University housing units between 1 a.m. and 7 a.m. must use main hall entrances:

WMU Residence Center: Front (east) door

Kerr Residence Center: Front (south main) door

Agee Residence Center: North and South second floor lobby doors

Taylor Residence Center: Front (south) door

Use of, or assisting other(s) to use entries to housing units other than the designated door can result in disciplinary action. Entrance-exit doors in all University housing units are locked from 1 a.m. until 7 a.m.

4.1.8 Illness

If a resident becomes ill, the Residence Director and/or R.A. should be notified immediately. Students are expected to be faithful in class attendance. If a student offers illness or participation in an official University activity as an excuse for absences from class, the instructor may elect to require additional work to compensate for class absences. The illness or absence due to participation in an official University activity must be properly attested by a faculty sponsor or University physician, nurse, residence director or parent (for illness). The student is responsible for assuming the initiative to ensure that course work is not adversely affected by absence, for whatever cause.

4.1.9 Laundry Facilities

Washers and dryers are available in all housing units. These appliances are located in the basements of Agee, WMU, and Kerr. They are located in the center building of West University Apartments and in the laundry room at Howard Complex, Midland Apartments, East Devereaux Apartments, and Taylor Residence Center. Laundry facilities are provided for the use of current housing residents only. Midland Apartment residence may use the laundry facility in Agee Residence Hall.

4.1.10 Loftbed / Cinderblock Policy

OBU prohibits the use of cinderblocks in all University-owned housing. This policy is in place to protect the safety of the students and the property of the University. In addition, OBU limits the height of loftbeds. The

sleeping surface of these beds must not exceed 6 feet. Furthermore, students are not permitted to remove the University-provided bed (or any other University-provided furniture) from the room. The University discourages the use of loftbeds and reserves the right to inspect and reject any loftbed placed in University-owned housing.

4.1.11 Overnight Guests

Residents are permitted to have overnight guests of the same sex. The guest(s) must be 15 years of age or older and must be registered at the Residence Hall Office or with the Residence Director. All guests are subject to approval by the Residence Director. Guests should not extend their visit to inconvenience the roommate(s) or other residents. Guests are discouraged during exam week. The OBU resident is responsible for the behavior of a non-student guest including the serving of penalties for infractions committed by the non-student guest.

Guests may stay two nights free during any given week. A charge of \$5 per night will be assessed for visits over two nights. The student host/hostess should be in the room/apartment where a guest is visiting.

Resident students are expected to maintain residence in their assigned room; however, they may spend the night in other residence hall rooms of the same sex if it does NOT inconvenience the roommate(s) of the host/hostess. Students spending the night in rooms other than their assigned room are considered guests and are responsible for their own behavior and any infractions of regulations. The student must sign out overnight in his/her own residence hall and be approved by the Residence Director where he/she is visiting.

Babysitting is not permitted in OBU residence halls or apartments.

4.1.12 Pets

No animals (except for fish) are to be kept by students in any OBU residential facilities. Students are fined \$50 per incident for violations of this policy, and may be subject to additional fines for multiple incidents.

Students who, because of a disability, seek approval for a support or assistance animal must request a reasonable accommodation through the Student Services Office, and must have appropriate supporting documentation. A determination is then made regarding whether it is reasonable for the animal to be on campus. For policies regarding service animals, please contact Student Services.

4.1.13 Privacy

The University defines the procedural aspects of the right of housing residents to privacy in the Residential Life Agreement Form which each resident is required to read and sign when checking into the housing unit. Generally, search of rooms/apartments must be conducted for cause and approved by designated University officers. The University reserves the right of periodic inspection of room conditions and refrigerator contents by housing staff.

4.1.14 Private Rooms

The resident's room charge is based on double occupancy (two [2] to a room, four [4] to an apartment). When a residence hall room or an apartment bedroom is occupied by one (1) student only, an additional charge is added to the student's bill. Private rooms are usually unavailable at the beginning of the fall term.

It is the responsibility of the student to secure a roommate. Failure to do so will result in the student being charged for a private room.

If a resident's roommate moves from the room during a semester, the person remaining shall have the option of accepting another (double occupancy) room, or paying the single occupancy rate on a pro-rated basis.

4.1.15 Protection of Personal Property

The University is not responsible for the loss/damage of money, valuables, or other personal effects. Residents should keep their rooms locked at all times. Immediately report any loss of property to the Resident Assistant or to the Residence Director. A written report of the loss should be submitted to the Residence Director as soon as possible. OBU strongly encourages all campus residents to obtain renter's insurance on their personal property.

4.1.16 Public Rooms

Study lounges, conference, recreational, weight, exercise, and laundry rooms are provided for the convenience of on-campus residents. Care of the furnishings and considerate use of these and other public

areas are responsibilities of each resident. Irresponsible behavior in and/or physical abuse of these facilities can result in assessment of penalties and/or banishment from the facility.

4.1.17 Quiet Hours

Residents should observe and respect quiet hours (10 p.m. until 10 a.m. on weeknights/midnight to noon on weekends) to permit students to rest or to study without being disturbed. At all times, the residents shall keep noise at a reasonable and prudent level. Residents are reminded that they are expected to be responsible and courteous to people around them.

Residents of each floor are expected to deal with any problems of noise that may arise through communication, floor meetings, or consultation with the Resident Assistant. If a problem persists, residents who violate quiet hours are subject to disciplinary action.

Vocal practice and instrumental playing is not permitted at any time. There are no “playing fields” within the housing facilities, therefore, games requiring physical activity must be played outside the building.

4.1.18 Room Changes

The Residential Life staff is committed to Christian reconciliation. Room changes will not be granted automatically. Each resident will participate in a reconciliation process in order to promote learning and growth. If a resident desires a room/apartment change, the proper paperwork must be filled out by all parties involved. The resident must go by the RA desk or the Residential Life Office and pick up a “Request for Housing Change” form. Approval must be made by Director of Residence Life before anyone can move. Moving without permission will result in your room change being denied and you will be required to return to your assigned room.

4.1.19 Sales in Housing / Solicitors

Sale of food or other products by members of chartered campus organizations is permitted provided that permission is obtained from the Residential Life office at least twenty-four (24) hours before the desired time of sales. Failure to comply with guidelines can result in withdrawal of sales opportunities and disciplinary action. Solicitation of and sales efforts directed toward students on campus must be authorized by the Dean of Students. Residents should report immediately the presence of unauthorized solicitors or salesmen, or those exceeding the limits of authorization to the Residence Director or the Dean of Students. Door-to-door solicitation is not allowed. This restriction is not intended to limit the right of OBU students to canvass or solicit support on campus for religious or political causes and candidates. However, all soliciting/canvassing must be approved through the Student Development or Residential Life offices.

4.1.20 Storage

The University has very little storage space for students. It is recommended that students utilize local storage facilities for summer storage and to store items that will not fit in their room during the academic year. Storage areas are provided in housing units as follows:

WMU: basement (for current residents during their occupancy)

All items must be labeled for identification before being placed in storage. Key security is maintained by housing staff, but residents are reminded that the University does not assume any responsibility for personal belongings. All items stored during an academic year must be removed by September 1 of the following academic year unless the owner is still a resident of the University owned housing. If items are not removed, they will be disposed of at the discretion of the Residence Director.

4.1.21 Vacating of Room

Each resident who moves into OBU housing is obligated to pay the housing charges for the entire semester. Exceptions to this policy apply to students who withdraw from the University or receive exemption from the Director of Residence Hall. When vacating a residence hall room or apartment, each resident must:

1. Remove all personal items and clean room/apt.
2. Return all keys to the RA Desk and sign appropriate paperwork.
3. Provide a forwarding address to the OBU Mail Room.
4. Confirm that any needed housing for future terms has been obtained.

4.1.22 Visitors

Visitors of the opposite sex are not allowed in residence hall rooms, apartment bedrooms, or restricted areas except at designated times, e.g., hall visitation, or by permission from the Residence Director. The student host/hostess must be in the apartment when a guest of the opposite sex is present. Residents' family members may visit in restricted areas of housing units at the discretion of the Residence Director. Residents are responsible for their visitors and their actions. Student visitors also are liable to disciplinary action for violation of regulations.

6.0 Motor Vehicle Regulations

6.1 Introduction

The motor vehicle regulations are designed to allow the orderly movement and parking of motor vehicles on campus and to provide adequate access to campus buildings for service and emergency vehicles. All persons who operate a motor vehicle on University property are expected to observe the regulations and are subject to disciplinary action for failure to follow the regulations set forth by the University. The penalties assessed can lead to, but are not limited to, the revocation of the privilege of operating and maintaining a motor vehicle on campus.

6.2 Disclaimer

The owner and/or operator of any vehicle to be operated or maintained on campus shall assume all risk and responsibility for the vehicle and any loss or damage to any such vehicle and/or its contents. The University will not assume responsibility for the safety, care, or protection of any such vehicle and/or its contents.

6.3 Motor Vehicles

6.3.1 Registration

For CGPS students attending classes in Shawnee, a motor vehicle to be operated or maintained on campus by a student or faculty/staff member must be registered with the Cashiers Office, Thurmond Hall, within five business days after the vehicle is first brought on campus. More than one vehicle may be registered. **FAILURE TO REGISTER YOUR VEHICLE(S) WILL RESULT IN A FINE OR DISCIPLINARY ACTION.** Vehicle registrants are responsible for all violations of registration and parking regulations involving the vehicle they have registered, whoever the operator may be.

The registrant is responsible for maintaining the accuracy of the information provided to the University. The permit must be permanently and completely mounted on the vehicle registered. Taping or the partial mounting of a permit on a vehicle will not be considered proper. Only one current year permit is to be issued and affixed to any vehicle with the exception of one additional TEMPORARY MEDICAL permit per vehicle. Vehicle permits are the property of Oklahoma Baptist University and must be surrendered to University Police upon request.

1. Permits will be obtained at the Cashiers Office in Thurmond Hall.
2. The mounting location for permits on automobiles is the rear bumper on the driver's side. If this is not practical, the permit may be mounted on the exterior of the rear window on the lower corner of the driver's side. In both cases the permit should be mounted to be visible from directly behind the vehicle.
3. Permits are mounted on the right front fork assembly of all two- and three-wheeled motor vehicles.

6.3.2 Permit Classifications

Registrants of vehicles receive a permit according to their classification status as follows. Permits are valid, with exceptions, until July 31.

6.3.3 Temporary Medical Permits

Registrants of vehicles that receive a permit according to the classification status of the University may also apply for a temporary medical permit when necessary. The application for the permit can be obtained in the University Nurses Office. The permit should be placed on the vehicle rear view mirror and shall be accompanied by an explanatory letter from the Campus Nurse. The permit will explain the special parking privileges. At no time is the registrant authorized to park in marked handicapped spaces or any space reserved for visitors. State issued "Handicapped" permits should be used for permanent Medical conditions.

6.3.4 Parking On Campus

A parking space is defined as any area in a parking lot bounded by lines, posts, curbs, or other types of barriers on three sides. To be properly parked, a vehicle must be wholly within the area, parked front first of one parking space. Backing into parking spaces is prohibited. Parking in fire lanes is prohibited at all times. The University reserves the right to confiscate the permit, deny the privilege of operating a vehicle, or to tow at owner's expense and liability, any vehicle that is in violation of any vehicle regulation.

Lack of space in a particular lot is not a valid excuse for violating parking regulations and will not be considered as a valid basis for appeal.

6.3.5 Restricted Parking Spaces

All spaces set apart by RED, BLACK, GREEN or YELLOW PAINT on curb or parking block are reserved.

VISITOR (Green) - reserved at all times for persons who are not students or faculty/staff who regularly attend classes in Shawnee

6.4.2 Registration

All bicycles must be registered with the university. Registration is free and will be filed with the Business Office in Thurmond Hall. Registration is valid for six years and will include physical address, phone number, make, model, serial number and estimated value. The registered owner is responsible for communicating any change in address or phone number with the Business Office. The registered owner will receive a decal that should be placed on the bike frame below the seat. The owner or person to whom a bicycle registration is issued is responsible for any parking or registration violations and associated fines in which the bicycle is involved.

6.4.3 Riding

Two and three wheeled bicycles may be operated on those sidewalks that provide the shortest and most direct route between a bicycle rack and the street, roadway, or parking area closest to the bike rack.

6.4.4 Parking

Bicycle parking is permitted on bike racks only. Bicycles should be locked on racks in order to promote maximum security. When a bike is parked for an extended amount of time in long term parking areas, it is strongly encouraged that the seat and any quick release tires be removed.

Bicycles may not be parked inside buildings.

6.4.5 Designated Parking Area

Bicycles parked, chained or otherwise attached to trees, plants, railing, posts, signs, light poles, handicapped ramps, or any other than a bike rack may be impounded. bicycles will be placed in storage until the end of the current academic year. The University will dispose of impounded bicycles after the end of the current academic year. Release of impounded bicycles requires proof of registration, ownership, and proper release form from the designated campus agency.

Abandonment: A bicycle that does not show any sign of recent use or owner care is considered abandoned. Abandoned bicycles may be picked up and impounded.
